### Information enclosed with this letter

- ❖ **Camper letter from the directors:** Your camper letter details what to bring on camp, and how you can get the most out of the week.
- ❖ **Bus Timetable:** We've attached the final bus timetable for those who are travelling to/from camp on the bus. If you haven't booked a seat on the bus for your child but would like to, please call us on 3511 4080 as we may still have spaces available. Costs and pick-up locations are available on our website at [www.lyq.org.au/combo](http://www.lyq.org.au/combo).
- ❖ **Important Information:** This details everything you need to know for while your child is on camp, and explains why we have certain boundaries in place (i.e. no mobile phones).

# Important Information

## Mobile Phones

One of the great features of camp is the opportunity for campers to disconnect from the distractions and pressures of life and to fully immerse themselves in an experience of growth and fun. That's why we have a "no using mobile phones" rule on camp. Parents are most welcome to contact their child at any time during camp using the camp director's phone (details in the cover letter). We also understand that parents may like their children to have a mobile phone for travelling to and from camp for safety reasons. All mobile phones brought to camp will be handed to the director on arrival. Mobile phones will be kept in a secure location and handed back to the owner on the last morning of camp to allow the phone to charge. To help make this smoother, if your child is bringing a phone for transport purposes, please put the phone and charger in a named bag.

## Late Pickup

If you have booked the late pickup option, you are welcome to pick up your child anytime between 1.30-5pm on Friday afternoon. Please note there is no organised activities during this time, this is just a chill out time to assist with working parents. Please let us know the estimated arrival time to assist our directors.

## Medication brought to camp

If your child is bringing medication on camp, our First Aid Officer will need to collect it from them when they arrive. All medication must be clearly named, marked, and any instructions written down and attached to the medication.

**Prescription medication:** We suggest that any prescribed medication is brought to camp in a chemist-issued 'blister pack' (which will include information on how this medication is to be administered). If you cannot supply your child's medication in a blister pack, please send the prescription medication(s) in its original packaging and with information on how this medication is to be administered, and have it all contained within a clearly named zip-lock bag.

**Non-prescription medication:** If your child requires non-prescription medication (ie. paracetamol, cold and flu tablets, etc.) please ensure that this medication features a pharmacy issued label with your child's name and dosage requirements.

**Asthma Inhalers:** If your child has asthma, please supply two (2) asthma reliever inhalers for them on camp. One inhaler will be given to the First-Aid Officer and the other will be retained by your child. Both inhalers must be clearly named.

## Sickness on camp

If your child falls ill on camp, you will be contacted and the camp directors and First Aid Officers will assess and take appropriate action to ensure your child is well looked after on camp. If your child's condition worsens or is contagious, we will contact you to ask you to collect your child from camp. We will keep you in the loop with all decisions made regarding the ongoing care of your child on camp.

## Photography and Videos on camp

LYQ will have an official photographer recording all the great memories on camp. We will be uploading photos from camp to a closed dropbox link for parents and guardians of campers throughout camp. We will send out the link on the first day of camp.

**We ask that young people refrain from bringing cameras and other media recording devices on camp,** as we cannot guarantee their safety or monitor their use while on camp. Any images from camp must not be displayed on any form of social media by campers, as some parents have not given consent for their child's image to be used in this way.

## Travelling Offsite/Onsite activities

During camp, some campers may travel via bus or private vehicle (leader's cars) to offsite activities. If you wish to know more about any of the activities on camp, please contact the directors (as per cover letter) for further information.

## Appropriate clothing

Campers are required to wear appropriate clothing whilst on camp. Clothing must be sun smart and not overly revealing or offensive to others. Please take the time to discuss this with your child if necessary.

## LYQ communication during camp

LYQ will use email and/or text messages to keep parents/guardians informed of any changes and important information about the camp during the week your child is away. We will also have regular updates and a snapshot of photos from the camp on Facebook during the week (subject to prior parental consent).
